## Summary

Full stack web developer passionate about creating seamless web applications that are both innovative and efficient. Recent graduate of Denver University's Full Stack Web Development currently pursuing AWS Cloud certification. Dedicated to finding the similarities in art and tech in with abstract and conceptual thinking. Excels at working with teams to creatively solve problems with an openness to new solutions and a wide spectrum of voices. A firm believer that morale and integrity are necessary in keeping any good team both light and on task.

## Technical Skills

FrontEnd: JavaScript, HTML5, CSS, React, Bulma, Materialize

BackEnd: Node, SQL, NoSQL, Express, jQuery

Applications: GitHub, Heroku, MongoDB, MySQL, Adobe Creative Suites

Tools: React, Node.js, Express, Amazon Web Services

## Projects

Ouroboros | <https://github.com/ShyFidelity/Ouroboros> | <https://ouroboros-ml-jf-ni.herokuapp.com/>

- A social wellness app designed to track a user's progress on activities known to increase dopamine and serotonin in the brain. Created a loop reward system to create daily patterns.
- Set up AWS server to store users profile information
- Frontend -HTML5, CSS, Flexbox, Javascript, Handlebars
- Backend - AWS, MySQL, NodeJs, Express, third party API

Eternal External | [https://github.com/DMosca2021/Eternal\\_External](https://github.com/DMosca2021/Eternal_External) | [https://dmosca2021.github.io/Eternal\\_External/](https://dmosca2021.github.io/Eternal_External/)

- An application that allows a user to talk to their deceased relatives. User 2 the "deceased" communicates by leaving pre written advice for the user 2 "the Living" to choose from.
- Frontend - HTML5, CSS, Javascript, Materialize
- Backend - third party API calls, Javascript

Note Taken | <https://github.com/ShyFidelity/notetaken> | <https://floating-wildwood-75255.herokuapp.com/>

- A note-taking app using both frontend and backend technologies
- Frontend - HTML5, CSS, Javascript, Bootstrap
- Backend - NodeJs, express, API routes, npm

## Experience

### **Learning Coordinator**

Code Ninjas

**2021 - present**

Denver, CO

Helped kids learn to code while building their own video games. They gain problem solving, critical thinking, and STEM skills in a fun, safe, and inspiring environment.

Key Accomplishments:

- Quickly took on the role of working 1:1 with advanced students to build web applications
- Worked in team environment to teach kids 4-14 years old the foundations of JavaScript

### **Production Manager // Assistant Designer**

The Woods Fine Jewelry

**2013 - present**

Denver, CO

Designed pieces with attention to detail, while researching previous sales and current design trends. Managed inventory for wholesale accounts with retailers throughout the US. Extremely organized production inventory working in fine jewelry.

Key Accomplishments:

- Constantly stayed up to date with designs with turn around time as short as 1 day
- Implemented an inventory system resulting in nearly 10% decrease in loss the first month
- Maintained client relationships with 20+ stores across the country as well as clients such as The Bachelorette, and The Kardashians, and various award shows

## Education

Certificate in Full Stack Web. Development: Denver University, Denver, CO

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, Reactjs, jQuery, Bootstrap, Node Js, MySQL, NoSQL, MongoDB, & Express

Bachelor of Fine Art: Milwaukee Institute of Art and Design, Denver, CO

Study Abroad Program: Burren College of Art Ballyvaughan, Ireland
